Ron Mason

Western Connecticut State University

Danbury, Connecticut 06810

Dear Mr. Mason

My name is Drew Worden and I am writing to you on the topic of applying for the position of Resident Assistant here at Western Connecticut State University. After an exciting year working in Litchfield Hall as an RA, the decision was obvious that I wanted to re-apply for another year.

My reasons for re-applying lie in the fact that working as an RA is an incredible experience overall. Working with incoming freshman is one of the most rewarding jobs I have ever had and while the job presents challenges, the skills I acquire and exercise to overcome these challenges will serve me well for any career I chose to pursue after college and beyond.

The staff and residents here at Litchfield Hall can speak testimony to my willingness to help, whether in covering a shift, helping with school assignments, or just some casual advice. I pride myself on my practical approach to problem solving and looking for the best possible solutions to solve problems across the board. I also pride myself on the community I have built over the past year, specifically in my section of the building. Myself and my residents have curated a quiet, clean, and respectful living environment, that can benefit us all outside of the residence halls.

Thank you for your consideration. I look forward to talking with you in person. I can be reached by email at drew.p.worden@gmail.com or worden004@wcsu.edu, as well as by phone at 860-671-8218.

Sincerely,

Drew P. Worden
